

Cedaron Team,

As part of our commitment to provide you with strong benefits, J.P. Morgan is our retirement plan provider. Everyday 401(k) by J.P. Morgan will help you plan, save, and invest to get you on a more secure retirement path.

What's a 401(k)?

A 401(k) is a retirement savings account that allows you to invest a portion of your income into the 401(k) plan where your savings can grow, tax-efficiently, year-over-year. You can choose what percentage of your pay you would like to save, and whether you would like to pay taxes now or later. Once you reach age 59 ½, you can start taking money out (without penalty), giving you and your family a new source of income for retirement. [Watch this video to learn more >](#)

What resources and tools are available today?

J.P. Morgan's [Retirement Resource Center](#) provides easy access to insights and tools to help you achieve your financial wellness goals. You can explore J.P. Morgan's retirement calculators and insights and discover tips from Chase to help you achieve your retirement goals.

We hope that you will join us in taking advantage of this retirement benefit.
