Next, select 'Open Chapter Form'.

The screenshot shows a web browser window with the URL <https://next.impairmentcare.app/patient/7/admission/7/visit/7>. The application header includes navigation links: ImpairmentCare, Search Patients, Add Patient, Chapter, Calculator, Completed, Settings, and Jason Nill. The main content area is titled "Patient: Jason Nill" and is divided into two panels. The left panel, "Injuries", contains an "Add Injury" button and two injury entries: "07/01/2024 Right wrist" with a sub-entry "07/25/2024 Right Wrist Eval" and "05/20/2024 55555" with "No evaluations". The right panel, "Determination Overview", shows "Evaluation: 07/25/2024 Right Wrist Eval" and "Owner: Jason Nill". Below this information are two buttons: "Open Chapter Form" (highlighted in yellow) and "Edit Visit". A blue arrow points to the "Open Chapter Form" button. The footer of the application reads "© Cedarone 2023-2024".

Assuming you have entered data within any given chapter, hover over the 'Calculator' button in the top center of the screen to access the optional calculators.

Select either; 'Chapter Section Impairment' OR 'Whole Person Impairment' to access the optional rating calculators.

The screenshot displays the Cedaron ImpairmentCare application interface for Patient: Jason Nill. The top navigation bar includes buttons for 'ImpairmentCare', 'Search Patients', 'Add Patient', 'Chapter', 'Calculator' (highlighted in yellow), 'Completed', 'Settings', and 'Jason Nill'. A dropdown menu is open over the 'Calculator' button, showing options: 'Chapter Section Impairment', 'Whole Person Impairment', and 'Report'. The main content area is titled 'Patient: Jason Nill' and features a 'Wrist' tab. Below the tab, there are sections for 'Range Of Motion' (with input fields for Flexion: 50, Radial Deviation: 15, Extension: 10, Ulnar Deviation: 10, and Ankylosis checkboxes), 'Carpal Instability' (with dropdown menus for Radioscaphoid Angle, Radioulnate Angle, Carpal Height Collapse, Carpal Translation, and Arthritic Changes), 'Arthroplasty' (with checkboxes for Total Wrist, Ulnar Head (Isolated), Proximal Row, and Carpal Bone (Isolated) under Implant and Resection columns), and 'Other Disorders' (with checkboxes for Synovial Hypertrophy, Mediolateral Deviation, Subluxation Or Dislocation, Passive Mediolateral Instability, and Crepitation).

Select 'Chapter Section Impairment' to display the impairment rating calculation.
