

How to Add an Injured Person

Step 1:

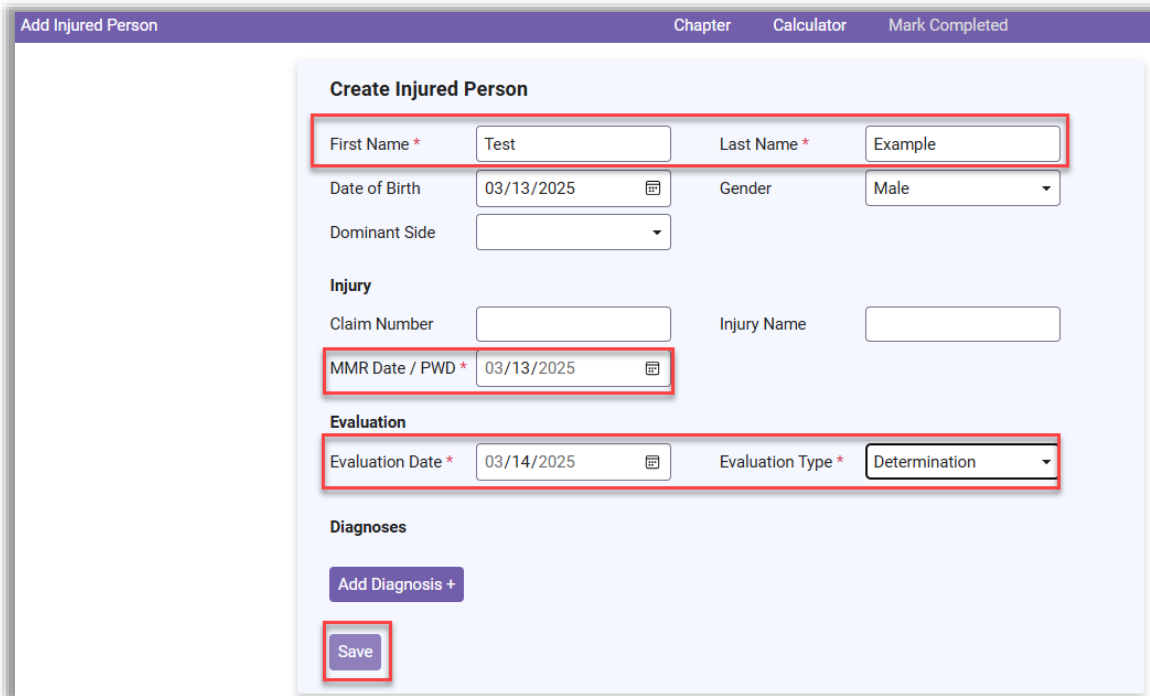

Select 'Add Injured Person' from the top menu bar.

Last Name	First Name	Date of Birth	Claim Number
Thompson	Mary	03/19/1978	
Brow	Eye	03/07/2025	
Board	Key	04/16/1980	
king	joe	04/16/1988	
net	inter	03/02/1975	
net	Inter	02/01/1970	
one2	Another	09/19/1990	
Hat	Top		
boy	cow	04/13/1977	

Step 2:

Enter the minimum patient Demographics, Injury & Evaluation information, and then click Save

Create Injured Person

First Name * Test Last Name * Example

Date of Birth 03/13/2025 Gender Male

Dominant Side

Injury

Claim Number Injury Name

MMR Date / PWD * 03/13/2025

Evaluation

Evaluation Date * 03/14/2025 Evaluation Type * Determination

Diagnoses

Add Diagnosis +

Save

Step 3:

Navigate to the appropriate chapters/sections to input data. You have now added an injured person. Select the chart button to return the injured person's chart.

ImpairmentCare Search Injured Person Add Injured Person **Chapter** Calculator Mark Completed Settings

[< Chart](#) Injured Person: test testing | 04/22/2025 Determination

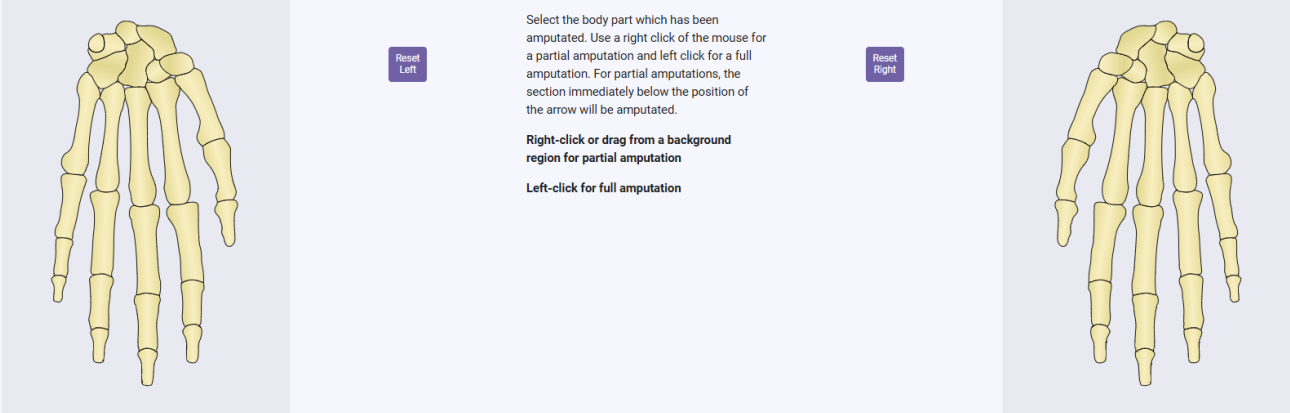

Vascular	Peripheral	Cutaneous Nerve	RSI							
Amputation	Thumb	Index	Middle	Ring	Little	Shoulder	Elbow	Wrist	Strength	

Hands Arms

Select the body part which has been amputated. Use a right click of the mouse for a partial amputation and left click for a full amputation. For partial amputations, the section immediately below the position of the arrow will be amputated.

Right-click or drag from a background region for partial amputation
Left-click for full amputation

[Reset Left](#) [Reset Right](#)

The image shows two hand diagrams, one for the left hand and one for the right hand, used for selecting amputation levels. Each diagram has a 'Reset' button next to it. The central text provides instructions on how to use right-click for partial amputation and left-click for full amputation.
