

Licensed Facilities

Licensed Facilities will display the list of all facilities that are currently entered into your system and some basic information about each one. This will also allow users (with the necessary permissions) to edit information for existing facilities and add new facilities if needed.

The screenshot shows the CardiacCare™ interface. At the top, there is a search bar with 'Search Patients' and a 'go' button, and a '+ New Patient' button. On the right, there are 'Harvest/Export' and 'Utilities' dropdown menus. The 'Utilities' menu is open, showing options like 'Analytics', 'Promote Patient Message', 'Interface Log', 'Interface Status', 'Abstractor Productivity Audit Report', 'Answer List', 'Device Lists', 'External Facilities', 'Licensed Facilities' (highlighted), 'Practitioners', 'Form Builder', and 'Views'. Below the menu, the 'Licensed Facilities' page title is visible above a table.

Name	NPI	City	State	Zip Code	Active
<input type="text"/>	<input type="checkbox"/>				
Alpha Hospital					
Cedaron Heart Health	4444444440	Trenton	NJ	08601	
Cedaron Heart Health	4444444440	Trenton	NJ	12345	
Cedaron Medical	2345678901	Davis	CA	95618	
Cedars TESTING					

The Licensed Facilities page shows the Name, NPI, City, State, Zip Code, and if the facility is active. You can also use the text boxes under the headers to search for facilities.

This is a close-up view of the 'Licensed Facilities' table. A red box highlights the search filters for 'Name', 'NPI', 'City', 'State', 'Zip Code', and 'Active'. The 'Active' filter includes a checkbox and the text 'Active'. A '+ New Facility' button is located in the top right corner of the table area.

Name	NPI	City	State	Zip Code	Active
<input type="text"/>	<input type="checkbox"/> Active				
Alpha Hospital					✓
Cedaron Heart Health	4444444440	Trenton	NJ	08601	✓
Cedaron Heart Health	4444444440	Trenton	NJ	12345	✓

You can add a new facility or edit an existing facility by selecting the  button or selecting the edit button  on the far right.

If you select +New Facility, the Create Licensed Facility page will show, allowing you to fill in all the necessary information. The two text boxes with the red highlight on the left are mandatory to fill out before creating the facility. Other information can be filled in later.

If you edit an existing facility, the same page will populate, allowing you to change any necessary information.

Naming Conventions

- Each Facility can only hold one name.
- According to STS requirements, the naming convention and participants may have any hospital name they wish as long as the data files being submitted to the registry match what STS has on file.
