

Report Generation

Step 1:

To generate a report, select the desired injured person.

The screenshot shows the CEDARON software interface. At the top, there are navigation tabs: ImpairmentCare, Search Injured Person, Add Injured Person, Chapter, Calculator, Mark Completed, Settings, and Marlette Stockton. On the left, there is a 'Search by' section with a dropdown menu for 'Name', a search text input field, and 'Search' and 'Reset' buttons. The main area displays a table titled 'Showing 37 injured people for whom you recently created evaluations'. The table has four columns: Last Name, First Name, Date of Birth, and Claim Number. The row for 'Mary Thompson' is highlighted in purple.

Step 2:

Select a [Determination](#) within an injury.

The screenshot shows the profile page for 'Injured Person: Mary Thompson'. It is divided into two main sections: 'Injuries' and 'Demographics'. The 'Injuries' section has an 'Add Injury' button and a list of injuries. The first injury, '03/06/2025', is highlighted with a red box and contains a sub-entry '- 03/06/2025 Determination'. Below it is another injury, '03/14/2025 Redetermination', and a link 'Add Evaluation >'. The 'Demographics' section lists personal information: First Name (Mary), Last Name (Thompson), Date of Birth (03/19/1978), Gender (Female), and Dominant Side ((unspecified)). An 'Edit' button is located at the bottom of the demographics section.

Step 3:

After filling in all necessary data, hover over the **Calculator** tab and select **Report**.

Step 4:

The **Microsoft Word** format report will generate and download automatically to your 'Downloads' directory.
